

AS ONE AT 10

Easter Sunday

Christ is risen

He is risen indeed alleluia

A very warm welcome from the Gleghorns on this Easter Sunday morning here 'As One at 10". The Easter story has incredible highs and lows, betrayal, suffering, violence, political intrigue and an excruciating tortuous death on a cross.

It would be easy to think that its all a great and sad tragedy, that the Easter story is one of despair, regret, disappointment, defeat and disaster but

It all changed on the first Easter Sunday, something extraordinary happened, something that is almost impossible to believe, almost too good to be true.

Jesus was not dead He was alive, alive, Jesus was alive.....living. Death disease disaster and decay had been overcome by LIFE

So let's celebrate, give thanks and sing.....today.....let the cries of anguish and pain and deliverance of the last month.....turn into a beautiful new song of joy.

Let's pray

God of hope and life, we need your resurrection power and life today, thank that your life overcomes death, that your story is greater and far more wondrous than we can imagine. In Jesus Name. Amen
