

As One at 10 Intro – Serving

Good Morning – Thank You for joining us this morning

We're thinking about serving this morning. *Every generation wants their own needs serving.* But, there are some verses that are really important to me, and I also believe for St Swithins and BATH are found in the prophet **Jeremiah 29. 7**, as God speaks to his people in exile thro' Jeremiah

“Pray to the Lord for the peace and prosperity of the City”

At this time of great crisis, there will be many prophets of doom talking about the life of this City, AND over the next decade there is going to be a massive rebuilding job. But this call to pray God's blessing, God's peace and prosperity on the city of Bath is really urgent if we are to see a resurrection in the life of the city for all, not just the few, for God's kingdom to Come.

So that's where a few of us have started this morning simply praying, as God opens doors for us to **serve.....**

Let's pray
